

The Best Jewelry Model Making Systems are Coming to Houston & Dallas

Tuesday, September 13th & Thursday, September 15th

You are invited to attend a demonstration of a Solidscape high-precision 3D wax printer and 3DESIGN, the premiere CAD software for jewelry designers and goldsmiths.

For a personalized demonstration of this complete jewelry manufacturing solution, please make your reservation with Kris at kjarvis@solid-scape.com or phone (603) 429-9700 ext. 255.

Solidscape®
High Precision 3D Printers

Over the years, Solidscape high-precision 3D wax printers have set the bar for the highest standards for surface finish, accuracy and material castability. Table-top systems are priced for custom jewelers or medium manufacturers. For info: precision@solid-scape.com

316 Daniel Webster Hwy | Merrimack, NH 03054 | www.solid-scape.com

The Jeweler's Choice.

Dazzle your customers, attract new clients, and enhance your creative process with 3DESIGN CAD, the only professional jewelry design software available for both Macintosh and Windows. Through its artistic user interface you will become a master at creating 3D models and renderings.
